

Social Accountability & Community Awareness

Ellington Savage Group abides by the simple but central philosophy of treating others as we would want to be treated. This extends to our relationships with clients, candidates, suppliers and each other. The Group is a responsible corporate citizen that is involved in a number of programmes that underscore our commitment to the community generally.

Every year, our staff are involved in nominating and selecting organisations that we wish to support - mostly through charitable donations. Over the years, beneficiaries have included the Children's Cancer Institute of Australia (CCIA), the Starlight Foundation, Children's Medical Research Institute (Jeans for Genes), Oxfam and World Vision where we have continued with our sponsorship of a child in Zimbabwe.

In 2006 we also made an extraordinary donation of \$10,000 to aid South Asia after the devastation and destruction caused by the Tsunami.

We have also been active in event sponsorship, participation in corporate fund raising events and regular blood donations to the Red Cross. Additionally in 2008 we began regular and active support of Ronald McDonald House with staff volunteering their time to assist families of seriously ill children.
